

36th Annual Dover Dam Weekend
Camp Tuscazoar
May 5 – May 7, 2023 – Space Exploration MB

“We choose to go to the moon. We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard, because that goal will serve to organize and measure the best of our energies and skills, because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win,”

President John F. Kennedy

Are your scouts ready to organize and measure the best of their energies and skills, and to accept another challenge in scouting that they intend to win? If so, mark your calendar for May 5, and join us for a weekend of serious fun, while earning a merit badge at Ohio’s most historic camp.

Highlights will include rocket launches by all scouts using the rockets they build. Scouts will learn about space missions past, present, and future, gaining a better understanding of how science, ingenuity, perseverance, and a commitment to “working the problem” can lead to results once thought impossible.

Full details and agenda will be posted **by March 1**, on the Camp website. It will include the general list of workshops for the weekend. It will also include work that scouts can, and for some requirements, must do individually or with others in their troop in the weeks leading up to DDD weekend. (For example, scouts can start working on Req. 2ⁱⁱ)

Because of the time involved in the rocket launches, scout youth participation will be **capped at 200**. Program registration will open no later than March 1, when the details are posted, and will likely fill up quickly, so stay tuned.

And since this is Dover Dam Weekend, you will also have the opportunity to **visit the Dam**, and depending upon the Dam status, the chance to go inside the Dam! Throw in a **commemorative patch**, a **great dinner** and an **old-fashioned campfire** and it makes for one awesome weekend.

Pre-registration required for both camping & program!!!!

Program questions can be directed to camptuscddd@gmail.com, but not much to share until the full details are posted to the Camp website at <http://tuscazoar.org/events/ddw/>

For Camping info & reservations:

On-line: <http://tuscazoar.org/reservations/>

Or call: **330-859-2288**

Or email: reservations@tuscazoar.org

Camping costs are extra and depend on selected site.

The cost is **\$30 per person**, adult or scout, which covers all program activities, plus a **commemorative patch**, a **great dinner** and conditions permitting, both the review session and the **campfire**, but **does not include the rockets**, with that cost to be finalized by the time the details are posted.

ⁱ Substitute the words “work to become Eagle scouts” for the words “go to the Moon.”. Not surprising how smooth that transition works considering President Kennedy was a Scout in his Youth. And consider this list:

Eagle Scout Astronauts: Status; Spaceflight Missions

[Adamson, James C.](#): Former; STS-28, STS-43

[Armstrong, Neil A.](#): Deceased; Gemini 8, Apollo 11

[Bagian, James P.](#): Former; STS-29, STS-40
