

Camp Tuscazoar DOVER DAM DAY
Law Day, Law Merit Badge – May 1, 2021
Advancing the Rule of Law Now

GENERAL FORMAT – There will be a morning class for each unit/group in their own area, conducted by an attorney. After that class, units/groups will follow an assigned schedule, rotating to 6 stations through the day. At each station, judges, attorneys, and law enforcement officers, will interact with the scouts to cover the MB requirements and discuss Law Day.

Scouts who have already earned Law MB may do other activities during the day, including all or parts of **Centennial Trail*** (<http://tuscazoar.org/centtrail/>), which is basically a 100-control orienteering score course. There will also be information available on **geocaching** at the Camp, and perhaps some instruction. The **Zoar Valley Trail** heading either north or south is also available. As long as scouts don't interfere with the MB classes, and they fully comply with all C-19 protocols, they may elect these other options at their leisure.

PRE-REQUISITES – There are pre-requisites! *Please see that hand-out.* Units are encouraged to consider working on those together and even watching the videos in meetings, but it is the responsibility of the individual scout to complete the requirements whether on their own, or with other scouts.

BLUE CARDS – As always, the scout's appropriately filled BCs should be turned in at check-in either Friday night or Saturday morning. Because there are pre-requisites, the completed Pre-Req. forms for each scout should also be turned in at check-in. Please be prepared with all those prepared BCs & pre-req. trackers, and have them in an envelope with *Unit Number (or name if not with a Unit)*, and the # of enclosed BCs.

SCOUTS NOT IN A UNIT (USs) – This is primarily a Unit-based event. While Scout Law Day in Canton could be a drop-off event for individual scouts, with the mass of youth moving around to different courtrooms in a confined area with a plethora of supervising adults nearby, Dover Dam Day is not a drop-off event. Scouts who are not participating with a Unit ("*unattached scouts*" aka USs), must be accompanied by an adult and 2-deep leadership rules should be followed. Such adults must be in Camp but do not have to rotate around to the classes. *and must be fully registered for the event.* Arrangements can be made with participating Units, but that is something that must be worked out beforehand. So, unless such arrangements are made, it is expected that all USs will have a registered adult in Camp.
